You do not have French social security, European health insurance card for the 28 countries of the European Union + Iceland, Liechtenstein, Norway and Switzerland, you do not benefit from a S2 form.

« Promoting ethical values, innovation and performance. Dedicated to medical and health care excellence.. »

In 1972, the Institute's founder, Doctor Maurice Donat, had a vision: To create an institute where patients could be taken care of, with the best treatments available.

Thanks to the assistance and support, of the Blood Donation Association and also to aid them, this nonprofit, private Institute came to be. Thirty years after our founding president passed on, the Institute continues to thrive.

the Institute's Cardiology and Hemodynamic Department is at the forefront of medical progress and mastery of the most innovative techniques in cardiac surgical treatments and interventional cardiology.

The logo for HAS (Haute Autorité de Santé) features the letters 'HAS' in a serif font. A red, wavy line is positioned under the 'A', extending from the left side of the 'A' towards the right.

HAUTE AUTORITÉ DE SANTÉ

Level A certified by the French National Health Authority.
